iPod & Bluetooth Controller

IPBT iPod & Bluetooth Controller

CONNECTION INSTRUCTIONS

Connect any CONNECTED-wear Keypad or Joystick controller to the IPBT module using the Jack Plug. Connect the IPBT module to the iPod via the Dock Connector and pair the module with your mobile phone. Connect the Microphone (supplied) and your Earphones (not supplied) to the IPBT Module as shown.

NOT DRAWN TO SCALE

OPERATING INSTRUCTIONS

To operate the Keypad controller simply press the flexible buttons. To operate the Joystick controller toggle the flexible stick to the right, to the left, upwards or downwards. Push the Joystick in the centre for Play/Pause.

iPod Control Menu

KEY	ACTION	iPOD FUNCTION
	Press / press & hold	Increase the music volume
	Press Press and hold	Skip to next track Fast forward through a track
	Press Press and hold	Toggles between Play and Pause Turns iPod off
	Press Press and hold	Skip to previous track Rewind through a track
